

Individual Time Frame			Name: Ayodhya Akalanka Kodagoda
Week	Aim	Tasks Completed	Outcome
7	Gain an insight into life in the IT industry as an IT professional.	An IT professional was interviewed successfully via E-Mail, after 4 unsuccessful attempts to interview face to face.	Gained vital insight into the work life of an IT professional. This included the day-to-day activities and the different types of people the interviewed individual interacts with.
8	Submission of Assignment 2	Final editing of report completed and submitted via Canvas.	Final editing of Assignment 2 report and site completed and submitted.
9	Learn designing of Application pages through Figma.	Aim was completed through YouTube tutorials and experimenting on Figma.	Able to properly and quickly design application pages of various uses on Figma.
10	Design welcome, search, past orders, current and past order status, and error pages of the Food Tunnelz app.	Design welcome, search, past orders, current and past order status, and error pages of the Food Tunnelz app through Figma.	Pages as stated in Aims was designed on Figma.
11	Complete Team and Personal Profiles, Skills and Jobs sections of the Assignment 3 report.	Delegated sections of the assignment 3 report completed.	Delegated sections of the assignment 3 report completed.
12	Submission of Assignment 3	Final Editing of report completed and submitted via canvas.	Final editing of Assignment 3 report, app and site completed and submitted.

Individual Time Frame			Name: Abhinav Manohar
Week	Aim	Tasks Completed	Outcome

<b>7</b>	Complete the Project Idea presentation	Successfully completed all the sections of the project idea in the canvas presentation.	Got an idea of how to do an in-depth analysis of the project idea, which includes understanding the market to finding out our customer needs.
<b>8</b>	Complete the Website.	Successfully made a website for our group, wherein all the parts of the reports were included in the site.	Got a valuable experience on working with HTML, CSS and JS. Also learned to edit pictures with photoshop to decorate our website with pictures.
<b>9</b>	Examine the assignment 3 specification pdf file and understand the tasks assigned to me.	I got delegated to complete two sections of the report: AIM and Plans and Progress. And an architectural prototype model of the project idea.  Ordered few items online like the artificial trees and grass, corrugated brown paper.	Understood the material requirements for the architectural prototype model and arrange all of them.
<b>10</b>	Complete the tunnels and cloud kitchen in the architectural prototype model of the Food Tunnelz	Once all the items, got delivered, I started off working on the model and completed the whole model.	Learnt budgeting for the project and got some creative skills along the way.
<b>11</b>	Complete the whole model.  Complete the two sections in the report: AIM and Plans and Progress	Completed the parking area and decorations required for the model.  Wrote a paragraph for aim and each goal. And 3 pages of plans and progress.	Levelled up my skills for photography, while taking pictures of my complete architectural model, like lighting, and camera angles, etc.
<b>12</b>	Completed group reflection and references, and the site.	Wrote a 200 words individual reflection and contributed few parts of the website.	Levelled up my web development skills and reflecting on what went well and what could have been improved as a part of reflection.

Individual Time Frame			Name: Mussab Syed
Week	Aim	Tasks Completed	Outcome
7	Research and understand machine learning.	Successfully researched machine learning, with an outline for the report.	Learnt about the beginning of machine learning and recent advancements.
	Complete the report on machine learning.	Completed half of the report on machine learning.	Understood the implication of machine learning on our future.
8	Finalize report on machine learning.	Finished the report on Machine learning. Helped with referencing for the other 3 reports.	Successful completion of a report on machine learning and its implication on the future of technology.
	Reflect upon our progress as a group and potential shortcomings.	Completed individual reflection. Finalized A2.	Understanding of RMIT Harvard style referencing.
9	Complete and submit A2.		Ability to reflect on group work and communication issues.
	Understand Assignment 3 specifications and the tasks issued to me.	Attended meetings involving the delegation of tasks.	In-depth understanding of Assignment 3 and the specific task required to be completed.
10	Learn how to use Figma.	Watched videos explaining how to use figma.	Ability to use Figma to create app prototypes.
	Learn the basics of Mobile app design.	Researched the basics involving app design.	Cursory understanding of mobile app design.
11	Understand the specific deliverables of our project.	Detailed walk through of the objectives involving Figma prototyping.	A complete outline of the pages required for the app prototype.
	Begin initial work on figma.	Designed the login page for the app.	A basic design philosophy for the app for members of our group to build on.
12	Design the Order page, Payment Gateway and Seating Selection pages on Figma.	Completed Order page and Payment page.	Further understanding of the challenges involving designing UI
	Write first draft of	Wrote first draft for Testing, Tool and Technology	Comprehension of many of the tools and technology involved in the project.

	<p>the Testing, Tools and Technology section for the report.</p> <p>Meet with the team to discuss any changes.</p>	<p>Discussed changes to be made and decided to change the whole section.</p>	<p>Came to a common understanding of how to approach specific issue involving the future of the project.</p>
<b>12</b>	<p>Produce final draft of Testing, Tools and technology section.</p> <p>Finish work on Figma for submission of A3</p> <p>Discuss future of the project and potential timeframe.</p> <p>Complete group reflection.</p> <p>Submit A3.</p>	<p>Completed the final draft, ready to be included in the report.</p> <p>Completed the seating selection page.</p> <p>Had a detailed discussion on the future of the project.</p> <p>Completed group reflection.</p> <p>Successfully submitted A3 on time</p>	<p>Advanced my understanding of the specific technologies involved in the project.</p> <p>Able to reflect on our time as group. Gained appreciation for the challenges involving collaborative work and how to work in a team environment.</p> <p>Successful completion of A3 led to a better understanding of time management skill and the importance of communication, especially during stressful times.</p>

Individual Time Frame			Name: Sahibjeet Singh
Week	Aim	Tasks Completed	Outcome
<b>7</b>	Begin researching on Blockchain & Cryptocurrency.	<ul style="list-style-type: none"> <li>Read articles on blockchain and cryptocurrency.</li> <li>Finished first draft on blockchain and cryptocurrency.</li> </ul>	<ul style="list-style-type: none"> <li>Got a good understanding on how blockchain works and how cryptocurrency is implemented through blockchain.</li> <li>Finalised and showed group first draft of my report.</li> </ul>

8	<p>Submit final draft of Blockchain &amp; Cryptocurrency, Finish individual group reflection. and whole group reflection</p>	<ul style="list-style-type: none"> <li>• Finalised blockchain &amp; cryptocurrency report.</li> <li>• Added new references and fixed references in alphabetical order.</li> <li>• Finished group reflection 400 words and individual group reflection 200 words.</li> </ul>	<ul style="list-style-type: none"> <li>• Good understanding of RMIT Harvard referencing to complete report.</li> <li>• I was able to finish report on blockchain and cryptocurrency and added it to group report file for final submission.</li> <li>• Reflected on behalf of our group and individual report and understood where we performed bad or good.</li> </ul>
9	<p>Reading through and understanding assignment 3 docs  and picking up tasks in group meeting. Learning how mobile apps are developed.</p>	<ul style="list-style-type: none"> <li>• Watched videos on how to use figma.</li> <li>• Watched videos on mobile app development.</li> <li>• Made new figma file and shared it with group.</li> <li>• Practiced using figma.</li> </ul>	<ul style="list-style-type: none"> <li>• Understood the requirements of assignment 3.</li> <li>• Able to develop fluently using figma.</li> <li>• Understood how mobile apps are developed.</li> <li>• Made few test pages in figma.</li> <li>• Picked up tasks in group meeting to complete in figma.</li> </ul>
10	<p>Discuss in group how and what to add in figma. Choose what pages I will complete this week in figma.</p>	<ul style="list-style-type: none"> <li>• Attended formal group discussion about figma app development.</li> <li>• Did informal meetings with figma team to discuss project.</li> <li>• Added packages to use in figma app.</li> <li>• Completed Personal</li> </ul>	<ul style="list-style-type: none"> <li>• Found and added various figma packages to assignment page for group to use on project.</li> <li>• This week I was able to fully complete personal</li> </ul>

		<p>Details Page in figma</p> <ul style="list-style-type: none"> <li>Completed Multiple Location pages in figma.</li> </ul>	<p>details page and all location pages in figma</p> <ul style="list-style-type: none"> <li>This week I have also discussed in group meeting what pages I am required to complete in next week.</li> </ul>
11	<p>Complete leftover parts on figma and attend group meetings to discuss parts of report.</p> <p>Start working on report.</p>	<ul style="list-style-type: none"> <li>Finished Figma: Nav Bar Trending dishes Best Rating Recommendation In Spotlight Restaurant Page Address Form And Prototyping pages</li> <li>Started working on Group Processes and communication And Making table to complete timeframe.</li> </ul>	<ul style="list-style-type: none"> <li>I was able to completely finish figma app pages and prototyping.</li> <li>Making whole app mostly functional.</li> <li>I was able to finish first draft of group processes and communication.</li> </ul>
12	<p>Make few required changes to figma and check if something is missing in figma.</p> <p>Finish individual group reflection 200 words.</p> <p>Add report parts to website.</p> <p>Finish any remaining parts of Assignment 3 to submit.</p>	<ul style="list-style-type: none"> <li>Fixed few missing prototyping connections.</li> <li>Added 200-word group reflection to report.</li> <li>Added my parts of assignment to groups website.</li> <li>Finished group process and communication and timesheets and added it to group report.</li> <li>Fixed some errors in my parts of report for final submission.</li> </ul>	<ul style="list-style-type: none"> <li>I was able to produce fully working Figma app prototype.</li> <li>Finished group reflection and timesheets to add to group report and website.</li> <li>Gained skills to develop working figma prototype and basic website.</li> </ul>

			<ul style="list-style-type: none"> <li>• Able to submit group report in time.</li> </ul>
--	--	--	--

Individual Time Frame			Name: Karandeep Singh
Week	Aim	Tasks Completed	Outcome
7	Research on Cyber security and understand what it is and how it works.	<ul style="list-style-type: none"> <li>• Read articles and blogs regarding cyber security.</li> <li>• Learned about parts of cyber security.</li> </ul>	<ul style="list-style-type: none"> <li>• Fully understand explanation of cyber security</li> <li>• Generate first draft of report.</li> </ul>
8	<ul style="list-style-type: none"> <li>• Finalized and submit the first draft of report (Cyber security)</li> <li>• Submit individual and whole group reflection.</li> </ul>	Finished my section submission by adding referencing by understanding RMIT Harvard referencing	
9	Goes through the assignment 3 specification pdf file and understand tasks assigned to me. Learning 3d animation software named blender to have animated video.	Watched tutorials of blender on YouTube to add quality to 3d animation walkthrough video. Created 3d model of food tunnelz. Add colouring, texturing, and animation.	Understood assignment 3 specification and requirements in detail.  Learn 3d animation basics.

<b>10</b>	Make the appearance of 3d model more defined and add 3d character into it.	Lights and camera movements added in the animation. 3d character created and script written to explain project idea via character interaction with audience.	Learn advanced 3d tools and features of blender.
<b>11</b>	Complete 3d model animation. Complete two sections: Roles and Risks assigned to me.	Composite 3d model animation to character walkthrough	Understand the compositing of 3d parts Researched and understand about the sections assigned to me
<b>12</b>	Finishing the changes into the animation video Submit individual group reflection	Add voice over of our character into the video	Learned features and tools of 3d animation and gained teamworking skills.

Individual Time Frame			Name: Duo Cheng
Week	Aim	Tasks Completed	Outcome
<b>7</b>	Complete research on glass door data and job insights	Research on employment prospects and job outlooks for each of ideal jobs inserted by group members.	Employment prospects and job outlooks, as well as glass door data, has been entered into the joint final report.
<b>8</b>	Submission of Assignment 2 Beginning of Assignment 3	Verify the sources and then submit A2. Start planning A3 ideas and bring it to realisation via Figma.	Successful submission of A2 and head start on A3, with meetings to discuss how to realise the concept of FoodTunnelz ideas.
<b>9</b>	Underway Assignment planning	Decided Figma as the best platform to conduct app designing.	App design process began.
<b>10</b>	Complete component of Assignment 3	Figma production	App design continued. Task shifted from designing order page to profile page.

<b>11</b>	Complete component of Assignment 3 Figma Report writing	Completion of Figma of production Began report writing.	App design continued. Continue with profile page and associated user setting pages. Began writing report for A3.
<b>12</b>	A3 submission	Completed final component of the report, and submission of A3.	Copy & Paste components into A3 report, and then fine tune Figma draft to align with group standards.

<b>Future Week</b>	<b>Aim</b>
<b>13</b>	Create and Submit the Video Presentation.
<b>14</b>	Begin recruitment process of qualified individuals as mentioned in Skills and Jobs.
<b>15</b>	Registering the company and applying for any intellectual property rights / Finalise recruitment of qualified personnel.
<b>16</b>	Begin to create a BETA version of the Food Tunnelz app.
<b>17</b>	Begin market and research and analysis / Continue developing BETA app.
<b>18</b>	Analyse all results from the market research / Continue developing BETA app.
<b>19</b>	Begin drive to recruit Franchisees.
<b>20</b>	Testing of BETA App
<b>21</b>	Provide any training to franchisees / Discuss any issues or lags in BETA App.
<b>22</b>	Begin architectural designing of Food Tunnelz.
